Racers under the age of 18 must have a parent present at sign up and ID must be verified. Minors with a Guardian must have a Parent Guardian release form completed and notarized in order to compete at each event, no exceptions.

6. Behavior - Each racer is responsible for their own action plus the actions of their family and pit crew. Any detrimental action, vandalism, foul language to an official, promoter, organizer, sponsoring club, AMA official or district official caused by these individuals puts the racer at risk for disqualification from the moto or entire event and will be escorted off the property if necessary. If any of the above actions occur prior to or immediately after an event disciplinary action may occur by the promoter or the AMA. Based on the severity this may lead to a suspension of competing in AMA competition events.
7. Race Fees - Race fees may be different from track to track. Every facility has a different minimum fee they need to collect to continue operating. Our sport has a business side and if a facility does not collect the minimum amount of money they need to stay in business they will simply be unable to continue to provide a facility to provide motocross practice and race competition.
8. Transponders - Transponders are used at Raceway Park, Field of Dreams and Pagoda M/C. The transponders are the My Laps style that are the most popular ones used at AMA motocross events. You may use your own transponder if you have one, or you can rent one at each track. Transponders are a valuable tool for both promoters for scoring and for racers to see lap times and pick up live timing. Rented transponders MUST be returned at the end of each race event. All tracks do require a deposit for the transponder and charge a minimal rental fee for renting the transponder.
9. Beginner Class - The beginner class is for first time youth racer only. Racers will only be eligible for the beginner class for a maximum of one season. Racers may be advanced to the appropriate youth class based on an evaluation of a D-2 and or race track official at anytime. If a racer wins five beginner class races they will also be advanced to the appropriate class. Beginner class racers are not eligible for year end awards.
10. AMA Rules - All race rules are based on the current year AMA rule book. You can find and view the AMA rule book at: <https://americanmotorcyclist.com/motocross-rules/>
11. Race Track - During a race event at no time is a parent, spectator or mechanic allowed to enter the race track area, only the promoter, promoters staff and the racers participating in the race on the track are allowed on the race track. The fences have been installed for a reason and that is for your safety. In New Jersey this is governed and enforced by the State Police Racing Commission. Pagoda located in PA and Walden MX located in NY, that also participate in the series, also enforce the same rules. Please abide by this very important rule especially for your own safety.
